Consent for Purposes of Treatment and Healthcare Operations

I consent to the use or disclosure of my protected health information by Pathways Neuropsychology Associates for the purpose of diagnosing or providing treatment to me and in obtaining payment for my health care bills. I understand that diagnosis or treatment of me by Pathways Neuropsychology Associates may be conditioned upon my consent and evidenced by my signature on this document. I understand I have the right to request a restriction as to how my protected health information is used or disclosed to carry out treatment, payment, or healthcare operations of the practice. Pathways Neuropsychology Associates is not required to agree to a restriction that I request. However, if Pathways Neuropsychology Associates agrees to a restriction that I request, the restriction is binding on Pathways Neuropsychology Associates. I have the right to revoke this consent, in writing at any time, except to the extent that Pathways Neuropsychology Associates has taken action in reliance on this consent.

My “protected health information” means health information, including my demographic information, collected from me and created or received by Pathways Neuropsychology Associates, another health care provider, a health plan, my employer, or a health care clearinghouse. This protected health information relates to my past, present, or future physical or mental health or condition and identifies me, or there is a reasonable basis to believe the information may identify me.

I understand I have the right to review Pathways Neuropsychology Associates Notice of Privacy Practices prior to signing this document and this has been provided to me. The Notice of Privacy Practices describes the types of uses and disclosures of my protected health information that will occur in my treatment, payment of bills, or in the professional health care operations of Pathways Neuropsychology Associates. This Notice also describes my rights and Pathways Neuropsychology Associates duties with my protected health information.

Pathways Neuropsychology Associates reserves the right to change the Privacy Practices that are described. I may obtain a revised copy by calling the office, and I have the right to revoke this consent at any time.

Our office will make every attempt to collect payment from your insurance company. Please remember that payment of your bills is ultimately your responsibility. Your deductible and co-payment amounts are determined by the insurance coverage you and your employer selected. You are required to pay these deductibles and co-payments at the time of service. If you are in dispute of these amounts, it is your responsibility to address the problem with your insurance company. **All individual providers are billed under Tax ID #81-3236538. It is your responsibility to use this information to confirm that your provider is “in-network.”** A “covered service” does not necessarily mean that it will be a paid service. As a result, you may be financially responsible for all or part of the services provided by our office.

I have read the information listed above and understand that I am financially responsible for all services not paid by my insurance company.

INFORMED CONSENT CHECKLIST FOR TELEPSYCHOLOGICAL SERVICES

Prior to starting video-conferencing services, we discussed and agreed to the following:

- There are potential benefits and risks of video-conferencing (e.g. limits to patient confidentiality) that differ from in-person sessions.
- Confidentiality still applies for telepsychology services, and nobody will record the session without the permission from the others person(s).
- We agree to use the video-conferencing platform selected for our virtual sessions, and the psychologist will explain how to use it.
- You need to use a webcam or smartphone during the session.
- It is important to be in a quiet, private space that is free of distractions (including cell phone or other devices) during the session.
- It is important to use a secure internet connection rather than public/free Wi-Fi.
- It is important to be on time. If you need to cancel or change your tele-appointment, you must notify the psychologist in advance by phone or email.
- We need a back-up plan (e.g., phone number where you can be reached) to restart the session or to reschedule it, in the event of technical problems.
- We need a safety plan that includes at least one emergency contact and the closest ER to your location, in the event of a crisis situation.
- If you are not an adult, we need the permission of your parent or legal guardian (and their contact information) for you to participate in telepsychology sessions.
- You should confirm with your insurance company that the video sessions will be reimbursed; if they are not reimbursed, you are responsible for full payment.
- As your psychologist, I may determine that due to certain circumstances, telepsychology is no longer appropriate and that we should resume our sessions in-person.
